

the giving plate

Here is a plate of goodies for you. I was hoping they would brighten your day.

Eat them up and enjoy the love. When you are done you will use it as a tray.

You can make or buy goodies and stack on top to give to a friend today.

You will be creating love and blessings that you can happily give away.

First, if it looks good, read the book. Get extra kindness points if you read it to a younger sibling or your pet. Then use the website (www.littlefreelibrary.org) and click on the green map button on the right. It will show you a map that you can use to find the closest little library to you. Now take your book with you to the closest little library and swap it out for another book.
