## The Giving Plate

This is so much fun and will help pass on the kindness bug. In your bag you have a ceramic plate and a sharpie. The plan is to write "The Giving Plate" on the plate and then a little explanation on the plate about how it works.

(Some examples -

1. The Giving Plate - This plate belongs to everyone wherever it may go. With each new sharing of it's gift the love and blessings grow so fill it up and pass it on to family and friends to start the circle one more time. Love's Journey nver ends.
2. The Giving Plate - We are so thankful for you and wanted to let you know with these sweets, when you are done pass it on to another awesome person.
3. The Giving Plate - Please enjoy. Fill it up. Pass it along. Share the love. )

Or you can google the giving plate and there are lots of ideas. and you can just decorate it with hearts or flowers and just give the printable note with it.

How to make it:

1. Since this words are not being painted on, but markers are being used, please only keep the writing to the outside edge.

Just paint on the outside rim like the picture and on the back.

2. Take the sharpie and decorate the plate. If you have little kids turn the plate upside down and let them go to town, it looks really cool when the underside is really scribbled on. Also it looks cool if you take the permanent marker and go along the very edge of the plate.
3. Place the plate into a cold oven and set it to 350 degrees. Bake for 30 minutes and turn off the heat. Let the plate cool down with the oven ( it can sometimes crack if you go from the hot oven to the cooler house temperature).
4. Take it out and you are ready to fill it with some yummy baked goods and deliver it to a friend. In this time of corona virus, you can defintiely use packaged goods too.
5. Also make sure to tell who ever you pass it on to that they should just hand wash it. I've made a note that you can give with the goodies to pass along with your food.
